2. "Finish" – Hoist the Blue Flag (optional courtesy) to show the RC is "On station" at the finishing line.
3. "DNF" – boats exceeding 30 minutes from first finisher, within fleet, are scored DNF.

Cancellation Guidelines

- 1) On a scheduled race day, the NSC Race Committee (R/C) decides if, how and when races are run, e.g. time to start, postponement, abandonment, setting of marks, course, when the next race starts, etc.

The Notice of Race, Section 7 Schedule, lists times for the Warning Signal for the first class. This is a time window within which the R/C shall work. Sailing Instructions, Section 11 The Start, requires that four (4) registered boats, present in the starting area, are needed to start a race. Sailing Instructions, Section 18 Safety Regulations, states it shall be the sole responsibility of each boat to decide whether or not to start or to continue to race and that competitors are solely responsible for their own safety. Racing Rules of Sailing rule 4, Decision to Race, is also in place. Thus, if four (4) registered boats are in the starting area and the R/C is prepared to start a race within the listed time window, a race may be started.

- 2) If at least four (4) skippers have not registered before their Warning Signal, it is appropriate for the R/C to postpone the first race, but not much longer than 15 minutes before canceling the races for the day (N over A Signal with three (3) sounds). Remember, skippers are permitted "on the water registration" before their Warning Signal.
- 3) If postponement, due to weather conditions, has lasted approximately 60 minutes beyond the expected first class Warning Signal and the predicted weather forecast is not encouraging, then the remaining races for the day may be canceled by the R/C (N over A Signal with three (3) sounds).

Note: The R/C (particularly on the water) may ask advice of the Rear Commodore and other senior officers if they are unclear of how to handle a situation. The R/C should avoid getting multiple opinions from all racers. Fleet members may provide opinions when asked, but shall not act in an overbearing manner or attempt to exert undue influence over the R/C.
